3. Click on "Webcal feed"

4. Add the calendar to your default calendar application:

5. You can find GT Academic calendar under “Other Calendars”:

The screenshot displays the Google Calendar interface for October 2020. At the top, the header shows 'Calendar', 'Today', and navigation arrows. The main view is a weekly calendar for Sunday, October 18, and Monday, October 19. A yellow banner at the top of the calendar grid reads 'Online Application for Graduation | Spring 2021'. On the left side, there is a sidebar with several sections: a 'Create' button, a monthly calendar view for October 2020 (with the 19th highlighted), a list of times for Los Angeles, Denver, Chicago, and New York, a 'Search for people' field, and a 'My calendars' section. The 'My calendars' section lists 'Personal', 'Family', 'LMCO', 'Reminders', and 'Tasks'. Below this is the 'Other calendars' section, which includes 'Georgia Tech Academic C...' (checked) and 'Holidays in United States' (unchecked). A large yellow arrow points from the 'Georgia Tech Academic C...' calendar entry in the 'Other calendars' section towards the main calendar grid.

6. Now, you know when the “Withdrawal Deadline” is every semester, as well as other Academic deadlines:

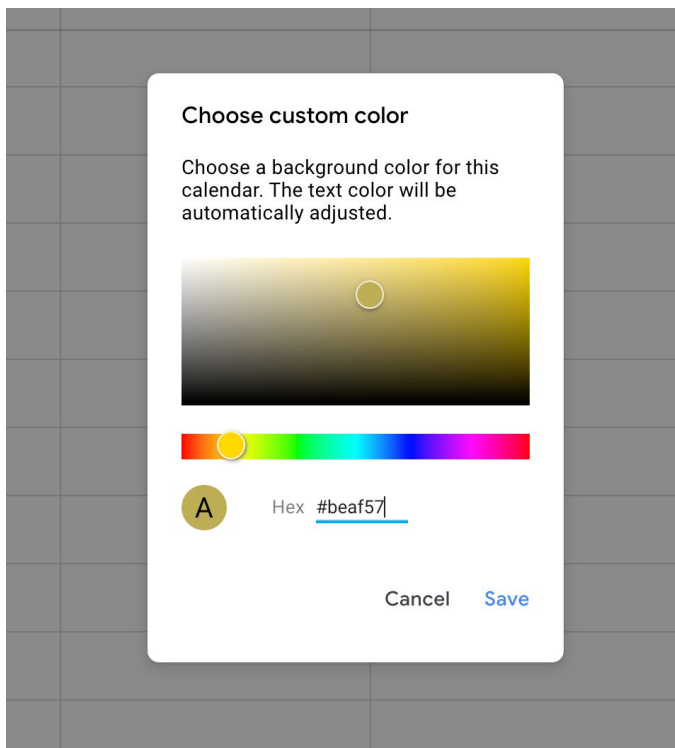

7. OPTIONAL: Customize the color of your calendar so you can tell it is GT from a glance. First, select the Options menu by clicking on the three dots:

8. OPTIONAL: Select the 'plus' icon in the color pallet:

9. OPTIONAL: Next select the color '#beaf57' or whatever makes your heart happy:

10. Enjoy!
